### Success Story

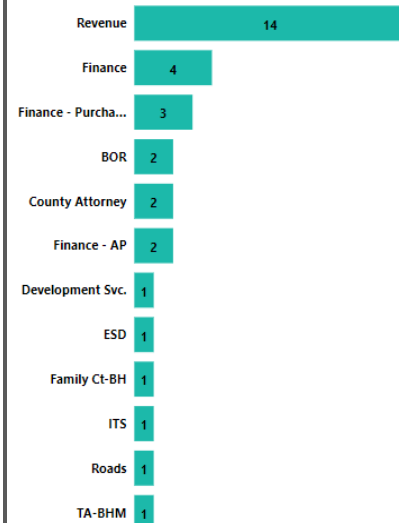

"There are 82 supervisors in ESD, and each one has some level of responsibility for the 443 people and 548 positions spread over 24 different budget divisions. Each supervisor has their own interest in the personnel data for the department, so when employee/position data was provided monthly in an excel file, it was up to each individual to prepare and extract the information that was relevant to them. A few users did this routinely each month adding filters or pivot tables while many others occasionally hunted through ~2,755 cells depending on the task. ESD Management saw a perfect opportunity to use Power BI to automate routine tasks and provide an easy-to-use tool that requires almost no training to give employees better access to information to help them do their work. The BI Team produced an excellent dashboard that saves time and improves many processes related to personnel management. ."- **Daniel White, Deputy Dir, ESD**

### Usage Metrics

#### BI Report by Department - 2024

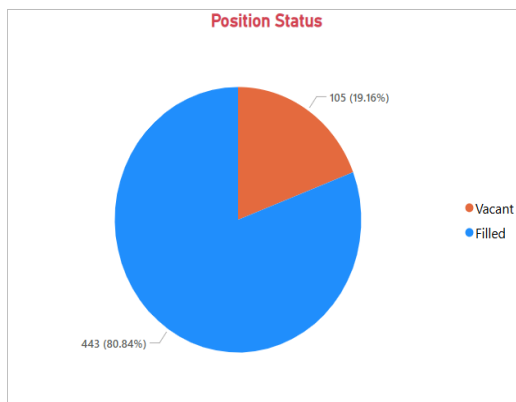

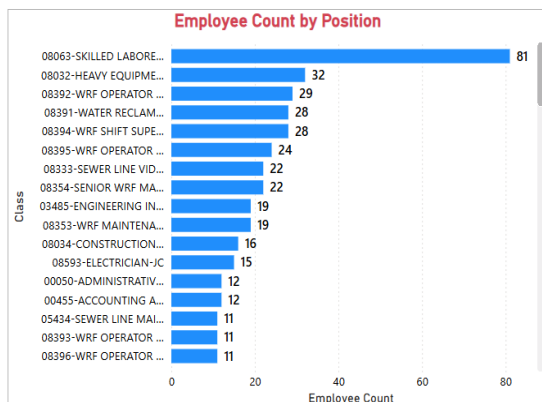

#### PBI Training Class Attendees by Department - 2024

### Power BI Report - Spotlight

#### ESD Position Control Dashboard

Org All	Class Nbr All	Class Title All	Employee Name All	Filled Position 443	Vacant Position 105	Total Position 548
