Success Story

"Power BI has proven to be a valuable system for our office. The clean style and organized display are a great improvement over the legacy system. The simple login gives quick access to court data, and we find the new dashboard easy to navigate. As opposed to multiple screens, all the essential information fits clearly and concisely into table format on one screen, thus saving valuable time when working with large caseloads and tight deadlines. This new dashboard helps to provide a more complete picture in our criminal history searches, contributing to the overall intention of accuracy, efficiency and excellence in our office. Thank you BI Team, we appreciate all your hard work in building this new and improved system." - **Crystal M. Caldwell, District Attorney's Office, Birmingham**
