## Success Story

"While preparing for year-end closeout, I referred to the Outstanding Purchase Orders Report to help identify POs requested for our department (HR) that possibly should be closed and not carried into the next Fiscal year. The use of this report saved me a significant amount of time by streamlining the process of researching and comparing data. Moreover, it enabled me to effectively "clean-up" our accounts, resulting in a clearer expenditure picture. I appreciate the effort put into creating and maintaining this BI report, as it has proven to be an invaluable resource for our department." - Brenda Perry, HR
