BID SUMMARY
<p>ITB 73-25 is the rebid of 34-25 which is replacing 11-22. The bidding process received great responses and participation by having seven (7) vendors submit an Intent to Bid form. Out of those vendors 3 successfully bided. Cintas is seen as the lowest responsible bidder followed by Hayes than Bates. Cintas correctly submitted math projections as specified for UOM for both 1 and 10. Hayes only provided UOM for 1, and Bates mathematical projections did not add up to that of the Excel Formulas due to extra entered information and prices. All vendors have a boot truck and ability to fit and service employees at a county site if needed.</p>
